

**Our pioneering spirit has
a long tradition.**

Joachim Gebauer

Exciting challenges await on the path to realizing our vision. We are therefore seeking

Regulatory Affairs Manager/Expert for Tissues of Animal Origin (AO)

Root

Your tasks

- > Compilation of documentation and evaluation of risks/benefits of medical device materials made from tissues of AO (Viral/TSE Safety Evaluation Report)
- > Conducting regular zoonosis surveillance
- > Evaluating validation reports of virus inactivation studies regarding product safety
- > Submission of documentation to regulatory authorities
- > Advice on manufacturing processes and sourcing of AO tissues
- > Supporting medical device registrations in EU, USA and others

Your qualifications

- > Degree in natural science, preferably in biology/veterinary medicine
- > Good understanding and experience in microbiological topics
- > Experience in systematic literature search and data evaluation
- > Awareness and understanding of how to work in a regulatory environment
- > Experience in collaborating with Notified Bodies and/or Health Authorities would be an asset
- > Collaborative, self-motivated and independent working style
- > Excellent English writing and good German communication skills

Geistlich Pharma is a family-run Swiss company and a longstanding global leader in regenerative dentistry. We have a long tradition of pioneering attitudes that place the focus on employees. These employees are dedicated to the spirit that drives our company to excel: a passion for regeneration. This is the origin of our innovative medical products that reconstruct bones, cartilage and soft tissue. Our motivated team looks forward to working with you in a modern, dynamic environment with international flair.

We look forward to receiving your completed electronic application at: recruiting@geistlich.ch

If you have any questions about the position, please contact: Reinhart Seibl, Director Regulatory Affairs, +41 41 492 55 55
