

**Our scientific network  
is both tightly woven and  
widespread.**

Niklaus Stiefel,  
Head of Material Research Biochemistry

Exciting challenges await on the path to realizing our vision. We are therefore seeking

## Scientific Associate, Preclinical Study Manager Root

### Your tasks

- > Representing the Clinical Affairs department and preclinical subteams in research and development
- > Developing overall non-clinical safety strategies in conjunction with other research and development functions
- > Designing and monitoring biocompatibility studies performed at CROs and evaluate ad-hoc safety related issues arising during development
- > Interpreting study results and reporting them in an appropriate form (e.g. research reports, publications, presentations)
- > Coordinate and participate the preparation of integrative assessments of pre-clinical safety in regulatory documents

### Your qualifications

- > University Degree in toxicology, pharmacy, human medicine, veterinary medicine, (bio)chemistry, biology
- > At least two years of work experience as toxicologist
- > Good knowledge of the regulatory environment regarding preclinical development of new medical devices
- > Good experience in authoring and reviewing of preclinical safety parts of regulatory documents (e.g. CER, Biocompatibility risk assessment. Gap analysis)
- > Excellent command of English, both oral and written
- > Additional qualification as expert in toxicology (e.g. ERT, DABT) is desirable

Geistlich Pharma is a family-run Swiss company and a longstanding global leader in regenerative dentistry. We have a long tradition of pioneering attitudes that place the focus on employees. These employees are dedicated to the spirit that drives our company to excel: a passion for regeneration. This is the origin of our innovative medical products that reconstruct bones, cartilage and soft tissue. Our motivated team looks forward to working with you in a modern, dynamic environment with international flair.

We look forward to receiving your completed electronic application at: [recruiting@geistlich.ch](mailto:recruiting@geistlich.ch)
