

# Buser Implant Symposium

20 Years of Progress in  
Implant Dentistry

**Saturday, May 25, 2019**

**08:45–17:00 h**

**Congress Center Kursaal Bern**

**u<sup>b</sup>**

**UNIVERSITÄT  
BERN**

**zmk bern**

Zahnmedizinische Kliniken  
der Universität Bern

Organization by

 **CCDE**  
Center for Continuing Dental Education

[www.ccde.ch](http://www.ccde.ch)

# Welcome

After 20 years of leading the Department of Oral Surgery and Stomatology, Prof. Daniel Buser will retire as Full Professor and Chairman at the University of Bern.

The School of Dental Medicine honors his achievements with his team in the field of implant dentistry with this 1-day Symposium. The invited speakers are top class and will offer a superb overview of 20 years of progress in implant dentistry.

*Prof. Dr. Dr. h.c. Anton Sculean  
Executive Chairman, School of Dental Medicine  
University of Bern*

## Gala Dinner in the ARENA, Kursaal Bern

**Saturday, May 25, 2019 · 20:00 h**

In the beautifully decorated Arena, the Gala Dinner will be served and you can enjoy a delightful meal from the excellent Kursaal kitchen.

In addition to the friendly get-together of speakers and participants from all over the world, the evening offers a cultural highlight with the **voice acrobat Martin O.**

The harmonious, extremely polyphonic contribution of Martin O., the Swiss precision mouthpiece – unique in quality and musical form.

# Program

|       |  |  |
|-------|--|--|
| 08:45 | Welcome  | Anton Sculean                              |
| 09:00 | Diagnostic imaging of the maxillary sinus prior to SBE – do's and don'ts               | Michael Bornstein                          |
| 09:20 | The design of titanium implants: What do we know?                                      | David Cochran                              |
| 09:40 | Zirconia implants: Where are we today?   | Ronald Jung                                |
| 10:00 | Asymmetrical implant designs: true clinical benefit, marketing gag or fake innovation? | Konrad Meyenberg                           |
| 10:20 | <b>Coffee Break</b>  |  |
| 10:50 | Immediate vs. early implant placement in the esthetic zone                             | Stephen Chen                               |
| 11:10 | The socket shield technique: Indications, potential and limitations                    | Claude Andreoni                            |
| 11:30 | Current surgical techniques to augment severely atrophied jaws                         | Dieter Weingart                            |
| 11:50 | <b>Panel Discussion</b>  | Moderators: Thomas von Arx & Anton Sculean |
| 12:20 | <b>Lunch</b>   |  |
| 13:30 | The challenge of two missing central incisors in the maxilla                           | Vivianne Chappuis & Urs Belser             |
| 14:00 | The digital transformation in implant prosthodontics                                   | German Gallucci                            |
| 14:20 | How important is a team approach in implant dentistry                                  | Dean Morton                                |
| 14:40 | Implant therapy in geriatric patients: What are essential strategies?                  | Simone Janner & Martin Schimmel            |
