

Geistlich Pharma lives out its deeply-rooted values.

Steven Kramer

Exciting challenges await on the path to realizing our vision. We are therefore seeking

Regulatory Affairs Manager or Senior Regulatory Affairs Specialist (w/m/d)

100% / Root

Your tasks

- › Elaborating international regulatory strategies
- › Preparing registration dossiers with focus on China and other countries (e.g. Japan)
- › Leading complex registration projects in collaboration with other departments and our affiliates
- › Interpretation of regulation changes, implementation of new requirements in the company, conduct internal training
- › Supporting and preparing for audits conducted by regulatory bodies
- › Direct communication with partners and regulatory bodies globally

Your qualifications

- › Higher education, preferably in natural sciences
- › A minimum of two years professional experience in the medical device industry, preferably in Regulatory Affairs
- › Applied working experience in collaboration with other cultures, e.g. China, and a good understanding of intercultural cooperation
- › Excellent knowledge of English and advanced knowledge of German language
- › Precise and detail-oriented working method
- › Excellent communication and writing skills, and a team-oriented personality

Geistlich Pharma is a family-run Swiss company and a longstanding global leader in regenerative dentistry. We have a long tradition of pioneering attitudes that place the focus on employees. These employees are dedicated to the spirit that drives our company to excel: a passion for regeneration. This is the origin of our innovative medical products that reconstruct bones, cartilage and soft tissue. Our motivated team looks forward to working with you in a modern, dynamic environment with international flair.

We look forward to receiving your completed electronic application at: recruiting@geistlich.ch
